

## **MRCP (UK) Preparatory Course**

Saturday 4 & Sunday 5 September 2010

This course will be hosted by the College over a full weekend on Saturday 4 & Sunday 5 September 2010. A variety of topics will be covered over two days and teaching will focus around MRCP examination questions giving participants the opportunity to work through various College past-paper questions. The sessions will be truly interactive using the College's DIGIVOTE System guaranteeing that all participants can be involved. The course will cover MRCP Parts 1 and 2 so will be ideally suited to Part 1 candidates though Part 2 candidates will also benefit from attending.

Topics will include  
**Diabetes & Endocrinology**  
**Infectious Diseases**  
**Neurology**  
**Rheumatology**  
**Gastroenterology**  
**Renal Medicine**  
**Respiratory Medicine**  
**Haematology**  
**Cardiology**  
**Biochemistry**  
**Pharmacology**
